## Manager's Corner

A Big Welcome to our new employee, Alfonso Perales, filling our custodial position, and congratulations to Joe Siordia on his promotion to Service Coordinator.

Work Orders must be filled out in advance please! Do not, I repeat, do not interrupt the maintenance personnel on the property to tell them about an issue you perceive. If you want an issue addressed, you must go through the proper channels. Our maintenance personnel are busy doing their jobs, so let them help us! If there is something you need brought to our attention, you MUST fill out the work orders which are available in the lobby 24/7!

The weather is cooling and is so beautiful - enjoy it....!!!!

We are still having a bed bug issue! Please take the necessary precautions to prevent your

apartment from getting bed bugs and if you get them, notify us immediately and prepare your apartment for treatment.

Residents are welcome to have a Halloween event but must comply with and respect our house rules.

Happy Columbus Day and Happy Halloween from all of us!!!!

## Halloween Funny Bones

Halloween is confusing. Parents admonish their kids, "Never take candy from strangers." And then they dress them up and well you know..."

Demons are a ghoul's best friend.

"There are three things I have learned never to discuss with people: religion, politics and the Great Pumpkin." Charlie Brown

Where do fashionable ghosts shop for sheets? Boo-tiques.

What do you find in a haunted desert? A sand-witch.

What do you get when you drop a pumpkin? Squash!

What do you call a ghost with a broken leg? A hoblin goblin.

Why don't skeletons like parties? They have no body to dance with.

What's the problem with twin witches? You never know which witch is which.

What's a haunted chicken? A poultry-geist.

What happened to the guy who couldn't keep up payments to his exorcist? He got repossessed.

What did the skeleton say to the bartender? I'll have two beers and a mop.
